

FLOODING IN BIHAR

August 19, 2017

Dear Friends,

Sr. Crescence just sent news and pictures of massive flooding in Bihar. The recent heavy rains in Nepal impacted 15 districts in Bihar including our areas of West Champaran and East Champaran. Many people have died and so many more have lost their homes and/or livelihood.

Many FreeSchools World Literacy centers in West Champaran and East Champaran were badly affected. The new Ellen White FreeSchools in Sagauli and many village schools were flooded. All FreeSchools Centers are closed for now. The Bridge Course program students are safely with Sr. Crescence but their parents have lost their houses and cattle.

The family home of our Assistant, Nitesh Kumar Singh, is completely under water, with it the loss of cattle, grains, furniture, clothing, etc. He is unable to return home and help his parents, as there are no open roads and no trains. Unfortunately, his experience is becoming typical in this disaster.

Every means of communication has paralyzed and isolated Bihar. We ask for your prayers now. Soon we will make an appeal for support to rebuild our schools.

Gerri Johnson
